New Courts

Reilly Green Mountain invented the aluminum court. We have a proven design with thousands of installations over a 40+ year period, in countries around the world. Our court design is so innovative it has received two US patents.

Of course we do more than build great courts. We provide a full range of products and services to satisfy any platform tennis enthusiast.

Maintenance

When your court needs servicing, you will find our court service program is everything you would expect from the company whose name has become synonymous with quality court construction and innovation.

Certified Pre-Owned Courts

Reilly Green Mountain has, by far, the largest selection of pre-owned courts in the industry. Whether you are looking to add a complimentary court at your club or install a court in your back yard Reilly Green Mountain has the ideal court for you.

Warming Huts

Whether it's a free standing, prefabricated or precut hut we have the ideal hut for your needs and budget. We have standard designs and can also custom design a hut for your specific needs.

Accessories & Equipment

We offer a full line of snow pushers, nets, center straps, videos, manuals, racquets, balls and more.

Why Reilly Green Mountain?

Proven Track Record

- Nearly a 50 year performance history – unmatched in the industry.
- Built more courts (6000+) in more places (40 states and 15 countries) than anyone by far.
- The head of RGM, Chris Casiraghi, is the industry's master builder.

Superior Service

- We provide unmatched personalized service. We know you and we know your courts.
- We have the best on-time and on-budget record over the longest time period.
- We have the most experienced, year-round crews in the industry averaging over eight years.
- We offer a *free* annual court inspection service.

Dedication to Quality

- All fabrication is performed in our state-of-the-art manufacturing facility under tight in-house controls to ensure the highest quality possible.
- Our crews are professional technicians with the best training in the industry.

Comprehensive Warranty

- We have the most extensive warranty coverage in the industry.
- Our new aggregate surface is unconditionally warranted on a pro-rated basis for three years for adhesion.
- Our welds are warranted for a full three years.

Innovation

- Responsible for virtually all court innovations in the sport.
- We invented and patented the aluminum court. We created an innovative traction surface for all weather play, spring-loaded shock-absorbing screen systems, swinging snowboards and more.
